

Tift County Choral Parents Association
P. O. Box 7096
Tifton, GA 31793-7096

Dear Potential Sponsor:

The Tift County School Choirs are nationally recognized for outstanding performances and high scores in competition. They receive numerous invitations yearly to perform around the nation. One of the most recent performances was the opportunity to represent the State of Georgia as the featured Choir for the 2004 Annual Convention of the American Legion. Attendees of the convention included President George W. Bush and Senator John Kerry. Of course, the Choirs can't possibly accept all invitations due to lack of necessary funds and conflicts with time. We hope that you can assist us with the funding. Your corporate or personal donation is tax deductible when contributions are designated for Tift County Choral Parents Association. (TCCPA)

This year, 2005-2006, the Choirs hope to represent the state of Georgia in Jekyll Island and Athens, GA performing for the American Legion; they also hope to complete in New York, NY and Birmingham, AL. In addition to these, the Choirs will perform numerous concerts locally throughout the year. Other performances and competitions are still pending. Any amount not donated by corporate and personal sponsors must be paid by the students and their families. While students work diligently on various fund raisers, they must pay remaining expenses. Many deserving students have great difficulty in raising these funds.

To express our appreciation for your contribution, we offer to you personal performances, free admission to concerts, and advertisement in our programs, depending upon the amount donated. You can learn more about TCCPA online at www.tiftcountychoralparents.org. Please see the attached form to determine the level of contribution that interests you most.

Thank you for your consideration in sponsoring Tift County School Choirs and for your continued support of the Choral Program.

Sincerely,

Randy Barber
Director of Choral Music
